Your sissy bar will install in just a few minutes using common tools. Read all instructions carefully and completely before installing your new sissy bar.

1. Remove the two (2) bolts on each fender rail, on the right side first.
2. Install the brackets with the bent portion (part number) toward the inside using the supplied M8 x 45mm bolts and tighten. Brackets will mount on the outside of fender rail. Repeat on left side.
3. Install the sissy bar to the brackets using the supplied M8 x 20mm bolts and tighten. Tighten all mounting hardware to factory specifications.

** Cobra recommends you always wear a helmet while riding. Please never operate your motorcycle while under the influence of alcohol and/or drugs. Enjoy the new look of your motorcycle and please ride safely.*
